

Sarthak Maurya

Summary:

I'm a passionate frontend developer and an aspiring fullstack developer with a focus on creating responsive, dynamic, and user-friendly applications. I love building projects that solve real-world problems. Currently, I'm expanding my knowledge in front-end and full-stack development, and I'm always excited to learn new tools and frameworks.

Technical Skills:

I specialise in building responsive and dynamic web applications using a strong foundation in **HTML**, **CSS**, **JavaScript**, **React.js**, and **Redux**. I'm proficient with modern tools like **Tailwind CSS**, **Bootstrap**, and **TypeScript**, and I manage my projects effectively using **Git** and **GitHub**.

Projects:

EduCraft - [\[Link\]](#)

EduCraft is an online platform designed to offer a seamless experience for purchasing courses and books, built using React.js and styled with Tailwind CSS.

Senti - [\[Link\]](#)

Senti is a modern eCommerce website designed for a seamless shopping experience, built using React.js and styled using Tailwind CSS. The store features are added using the help of Redux Toolkit.

Around the World- [\[Link\]](#)

ATW (Around The World) is an information-rich website offering detailed insights about over 250 countries, developed using React.js and styled using Tailwind CSS.

Education:

High School - City Montessori School | Lucknow | April 2020 to March 2022

Intermediate - Lucknow Public School | Lucknow | April 2022 to March 2024
